Re: Notice of Potential Liability at Coakley Landfill, North
Hampton and Greenland, New Hampshire
PRP: Brady Ford Sales

Dear Mr. Calder:

Recently, a Notice of Potential Liability at the Coakley Landfill in North Hampton and Greenland, New Hampshire was directed to Brady Ford Sales, Inc. The Notice was eventually directed to Mrs. Mary Jane Brady as she is the widow of the late Arthur F. Brady, Jr., who was the shareholder and president of Brady Ford Sales, Inc. Mrs. Brady in turn has referred the Notice of February 2, 1990 to this firm.

The EPA requested a written response to the Notice within thirty days; the Notice was dated February 2, 1990. We have only recently received the Notice in this office and will require additional time in order to prepare a written response. Timothy L. Williamson, of the EPA Office of Regional Counsel, has consented to a two-week extension. Accordingly, we will forward a written response to the Notice to your office on or before March 15, 1990.

Your office should be aware that Brady Ford Sales, Inc., was legally dissolved under New Hampshire law on June 30, 1989. In addition, Mr. Arthur F. Brady, Jr., the owner and operator of Brady Ford Sales, Inc., passed away on September 27, 1989. We will seek to have Brady Ford Sales, Inc., removed from the list of potentially responsible parties. In the meantime, we would request that all communications regarding Brady Ford Sales, Inc., be directed to my attention.
